

Booth, Franklin

1918

July 2nd, 1918.

Franklin Booth, Esq.,  
57 West 57th Street,  
New York.

Dear Mr. Booth:-

Since my talk with you last week the situation with regard to the poster which we desire for our exhibition has changed somewhat. I am sending you herewith an indication of the lettering which we desire on it.

The restriction as to size due to the thought of using it on the Fifth Avenue buses is now removed. What we now wish is a poster which shall be suitable for windows, Library bulletin boards and notice boards in camps and at naval landing places. We feel that you would have a better idea of the scope of the exhibition if you could come here and see some of the material we already have. Will you kindly phone me tomorrow, Wednesday, morning, (Audubon 2484 - Mr. Roe) - I will try to meet your convenience whether in the day time or some evening.

I shall be glad to try to answer any questions you may have for me when you phone.

Very sincerely yours,

Secretary.
